

ISMSIT2018 - CALL FOR PAPERS

International Symposium on Multidisciplinary Studies and Innovative Technologies (ISMSIT 2018) will be held during October 19-20-21, 2018. The symposium aims to bring scientists, experts, instructors, non-governmental organizations and private sector representatives together to share and discuss theoretical and practical knowledge in a scientific framework. [ISMSIT 2018 symposium is technically sponsored by IEEE Turkey Section.](#)

Paper Submission, Review Process & Publishing

- The language of the symposium will be English and Turkish.
- In Turkish papers, title, abstract and keyword will also be added in English.
- The minimum page limit is 4 inclusive of figures and tables.
- The submissions will be reviewed by at least two independent referees.
- All abstracts and full papers will be evaluated under blind-review process.
- The accepted papers will be published in the 2018 year issues of the periodical research journal "International Journal of Multidisciplinary Studies and Innovative Technologies" or in the [IEEE Xplore](#).

Topics of interest include but are not limited to:

- 3D Printing
- Advanced Human-Machine Interface
- Artificial Intelligence
- Automation and Control Technologies
- Big Data Processing
- Biomedical Technologies
- Building Technologies
- Cognitive Systems
- Computer Science
- Electrical & Electronics Technologies
- Energy Systems and Energy Management
- Food Technologies
- Green Energy and Green Technology
- Grid and Cloud Computing
- Industry 4.0
- Information Security
- Innovations in Engineering
- Intelligent Communications and Networks
- Knowledge Engineering
- Lean Manufacturing Technologies
- Machine Learning Technologies
- Material Technologies and Secondary Process
- Mechanic, Mechatronics and Robotics Systems
- Nanotechnology and Material Sciences
- Recycling Technologies
- Quality Engineering
- Signal and Image Processing
- Simulation Technologies
- Smart Home
- Software & Hardware Technologies
- Soft Computing and Intelligent Systems
- Systems Analysis and Design
- Weapon and Ammunition Systems
- Unmanned Aerial Vehicle
- Virtual Reality

Organization Committee

Symposium Chairs Turgut Özseven, Gaziosmanpaşa University, Turkey
 Ebubekir Yaşar, Gaziosmanpaşa University, Turkey

Members Filiz Ersöz, Karabük University, Turkey
 Kenan Zengin, Gaziosmanpaşa University, Turkey
 Mete Çelik, Erciyes University, Turkey
 Muharrem Düğenci, Karabük University, Turkey
 Yahya Altunpak, Abant İzzet Baysal University, Turkey
